YOU CAN USE

---

**SAF-HOLLAND wishes you success today!**

---

## **Extended range of application due to different mounting heights and foot types**

Tried and trusted SAF BIGFOOT CLASSIC Trailer Support Systems are now available in various mounting heights and with three different foot types.

You can find further information on the entire assortment at [SAF BIGFOOT CLASSIC](#)

## **Extended Aftermarket assortment at SAF-HOLLAND**

With the takeover of the former Georg Fischer Verkehrstechnik, a leading supplier for the commercial vehicle industry, an extended range of spare parts has become available to SAF-HOLLAND. We are now in a position to offer original spare parts for +GF+ branded Fifth Wheels, King Pins and Ball Races as well as TRILEX Wheel Systems. Please contact your SAF-HOLLAND sales representative for further information.

## **New Repair Kits for SAF Wheel Hubs with Compact Bearings**

SAF-HOLLAND is now in a position to supply an alternative for replacing complete SAF wheel hubs. The respective repair kit enables you to service the wheel hubs in SAF-HOLLAND original quality and contains all single components including special grease. It is recommended to use the specially developed mounting tools. Further information can be found on the SAF-HOLLAND website

## High Losses due to Tyre Damage

Extremely expensive and dangerous – but by all means avoidable: tyre damage causes losses in the millions every year in the transport industry. The prime cause is an incorrect daily tyre management. A 20% lower tyre pressure reduces the carcass lifetime by 30 %, increases the profile wear by 25 % and forces the fuel consumption up noticeably.

## Changes in the Spare Parts Range from 01.06.2009:

3 057 3168 00	replaced by	3 057 3968 00
