

SAF TRAILER AXLES

SAF
CHASSIS AXLE

WELCOME

SAF-HOLLAND counts among the leading global OEM suppliers of complete solutions to the commercial vehicle industry.

QUALITY COMPONENTS FOR TRACTORS

- GF and HOLLAND Fifth-Wheels
- Mounting Plates
- Mounting Kits
- Sliders
- Accessories
- NEWAY Rear Axle Suspension Systems
- TRILEX Wheel Systems

QUALITY COMPONENTS FOR SEMITRAILERS AND TRAILERS

- Integrated Suspension Systems
Product Line SAF INTRA
Product Line SAF MODUL
- SAF Individual Solutions
- SAF Landing Gear System
- SAF Kingpins

FOR ALL TRANSPORT TASKS

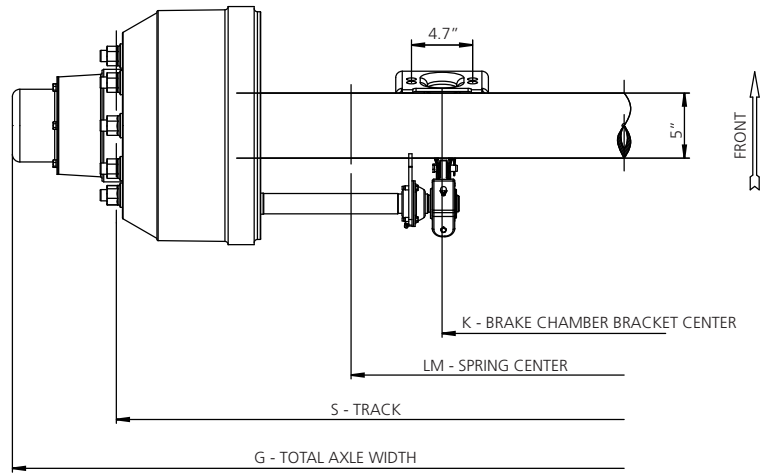

FOR ANY TRAILER

FOR YOUR FLEET

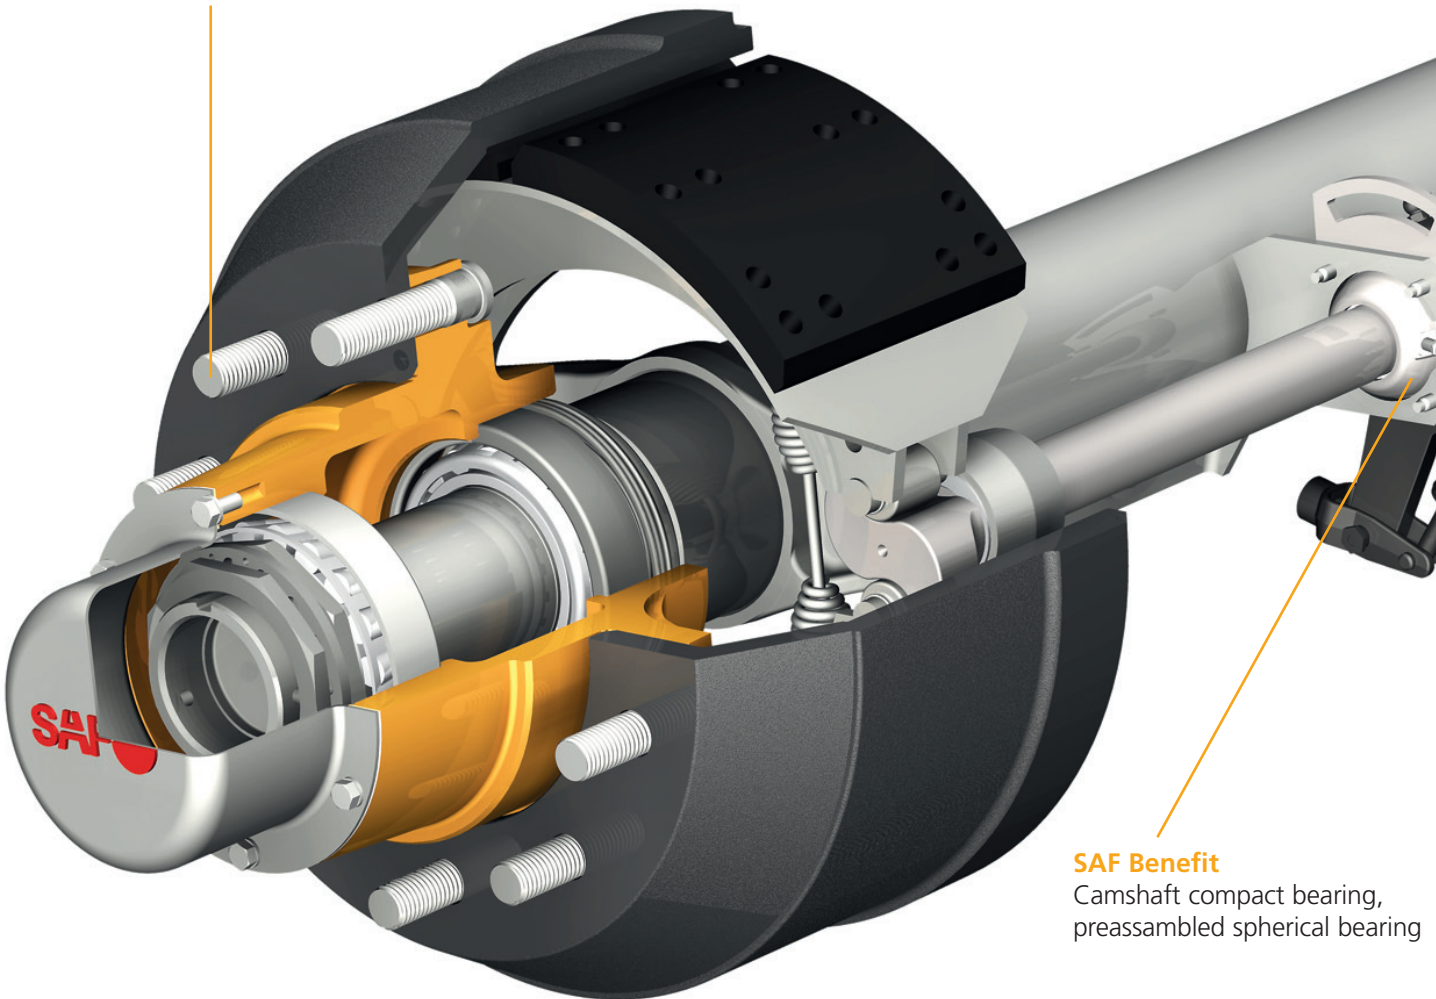

SAF Chassis Axle

SAF Benefit

Selective longterm corrosion protection also on hub caps, fixtures and nuts

Capacity max 22,500 lbs

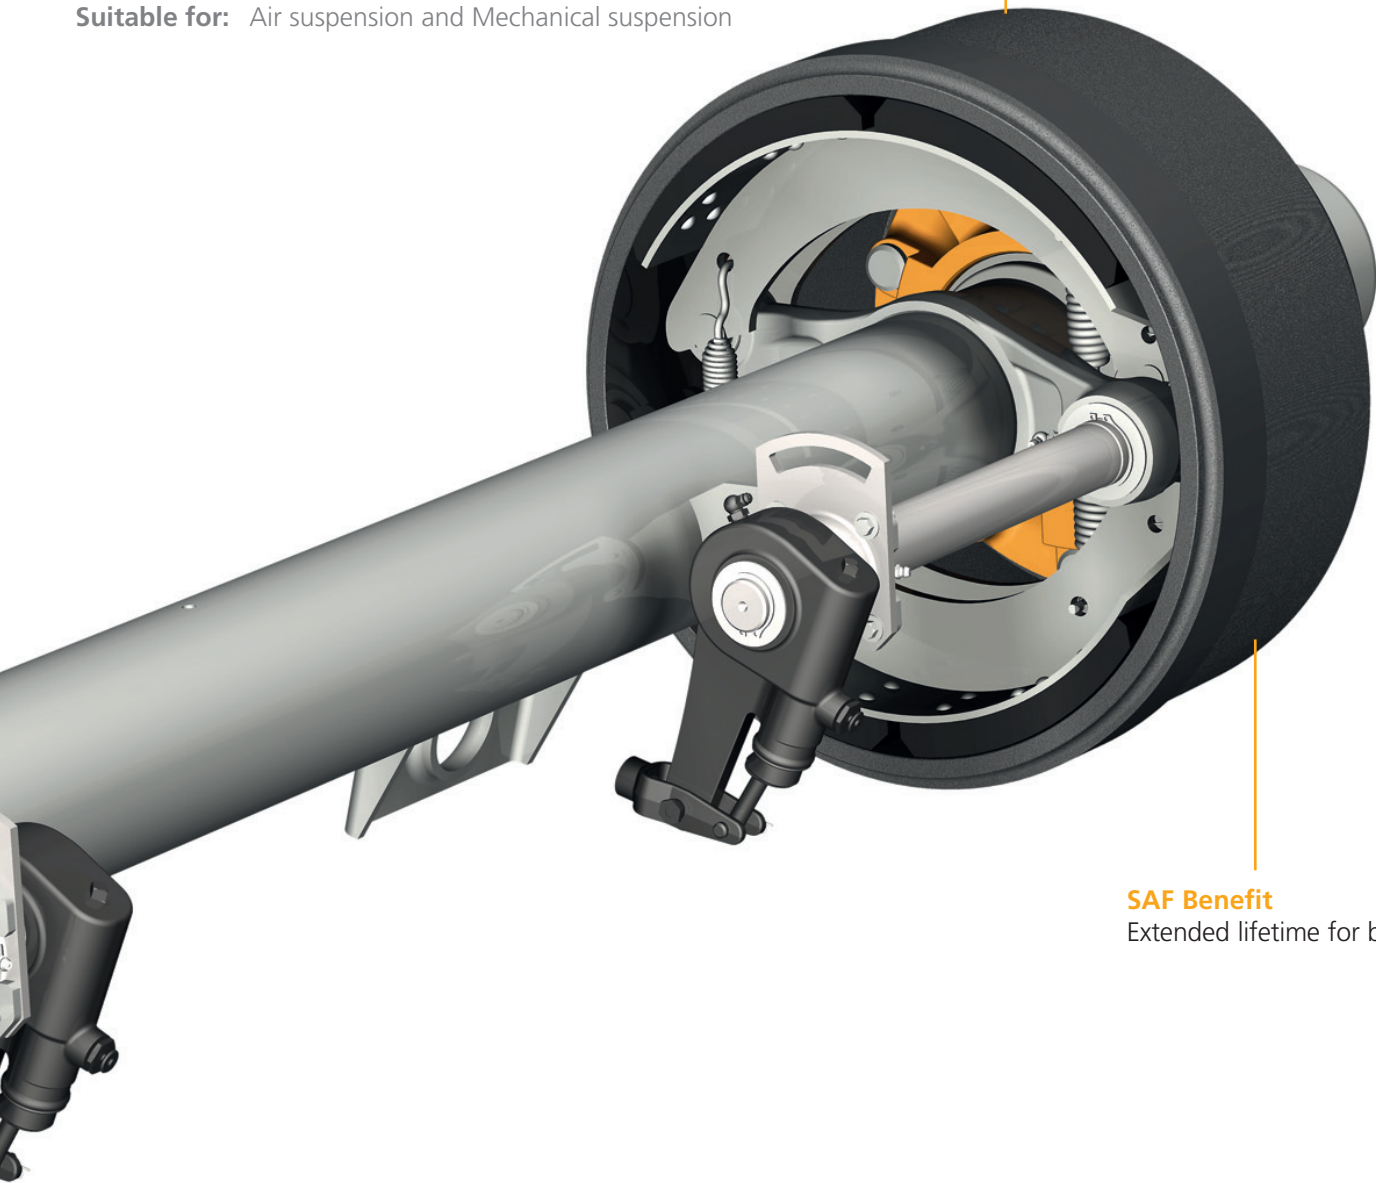

Axle beam: Ø 5"

Wheel fixing: 10 studs M22x1.5
bolt circle 11.25"
hub pilot 8.78"
5 spoke wheel 20"

Suitable for: Air suspension and Mechanical suspension

SAF Benefit

ABS preparation as standard

SAF Benefit

Extended lifetime for brake linings

1) Other tracks upon request
2) Automatic slack adjusters as standard
3) ABS ready
4) Other PCD upon request

5) Five-spoke wheel end optional
6) Braked beam assembly optional
7) Taper spindle
8) Parallel spindle

SAF's history begins in 1881 in a village forge in Germany with the invention of a new plough. The family business soon starts building steel axles for agricultural vehicles, and under the name Otto Sauer Achsenfabrik (SAF) develops into one of the leading manufacturers of trailer axles and suspension systems in Europe.

A safety coupling between plough and horse team can be found at the beginning of Holland's history. The Safety Release Clevis Company was founded in South Dakota, USA, in 1910. After its move to Holland, Michigan, the company emerges as one of the largest supplier companies to the commercial vehicles industry under the name The Holland Hitch Company.

The merger of the two companies to form SAF-HOLLAND in 2006 creates one of the leading global suppliers of high-quality components and services for the commercial vehicle industry. Alongside axle and suspension systems for trailers and semi-trailers, the product range also includes kingpins and landing gear as well as fifth wheels for tractors, air suspensions, coupling products and numerous other components for buses and trucks.

In 2008, SAF-HOLLAND takes over Georg Fischer Verkehrstechnik, a leading supplier to the commercial vehicle industry, expanding its product range with GF fifth wheels and kingpins as well as the TRILEX wheel system and accessories for tractors, semitrailers and trailers.

Today the SAF-HOLLAND group is represented on all continents and distributes its products and services worldwide under the brand names SAF and HOLLAND as well as GF, TRILEX and NEWAY. It possesses its own distribution network with global service and dealer locations.
