

# INTRODUCING A SUPERIOR KINGPIN LOCK

SAF-HOLLAND's Lock-N-Leave™ rugged construction and ease of use provides added security for parked fleet trailers.

**STOP THIEVES DEAD  
IN THEIR TRACKS**

The tough, sledge-proof cast iron body and 5/8-inch case hardened steel lock bolt prevents removal without a key. Simply slide the cylinder shaped body over the kingpin, lock the device and leave with peace of mind.

The anti-theft device is highly visible with safety yellow paint and a two-foot long warning tag. It's almost impossible to miss — allowing a driver to see it before any coupling occurs. In case the driver forgets to remove lock and attempts to couple, the cylinder shaped design prevents jamming of the fifth wheel.

**SEE BACK FOR ORDER INFORMATION**

**Prevent Unauthorized Coupling —  
Just LOCK-N-LEAVE™.**

## FEATURING

- ▶ Tough cast iron body
- ▶ Highly visible safety yellow paint and two-foot long warning tag
- ▶ Cylinder shaped design to prevent jamming the fifth wheel in case of inadvertent hook up

# LOCK-N-LEAVE™ ORDERING INFORMATION
