### **SAF-HOLLAND's Commitment**

We warrant each SAF ULX40 Suspension, Axle and Slider System manufactured after September 1, 2009, when properly installed on your vehicle, and maintained and operated in accordance with our requirements as follows:

SAF-HOLLAND will, at its option repair, replace or reimburse due to defects in material or workmanship. Labor reimbursement is based on a published flat rate schedule in conjunction with local labor rates.

### **Your Responsibilities**

You are responsible for proper installation, operation, and maintenance as specified in our applicable publications on SAF ULX40 System and for using the product in recommended applications within rated capacities.

### **Claims**

You are required to obtain prior authorization from an authorized SAF-HOLLAND customer service representative before replacing or returning any part. You may be required to make the product or part claimed to be covered by this warranty available to us and/or returned to us at your expense for review and evaluation. You must submit a valid claim form to have your warranty request considered. The claim form is available under the Service Section of our website at [www.safholland.us](http://www.safholland.us) or by calling 1-888-396-6501.
