# HOLLAND TE SERIES

LEVEL RIDE

2750 LBS.

FOLD-AWAY®

LIFTGATE

# THE HOLLAND ADVANTAGE

Holland's TE Series Fold-Away liftgate compliments the complete line of Holland liftgates by adding a lower capacity, level-ride model with a wedge platform. The Holland TE is the best option for operations looking for an economical choice with the dependability of a Holland liftgate.

## STANDARD FEATURES

- 88" wide loading platform
- Level ride, tilts at ground
- Power-up, gravity-down hydraulic system
- Fully enclosed curb side hydraulic pump, mounted on the main tube
- Curb side mounted push button control station and master disconnect
- Secondary push button controller
- Roller type platform opener

## OPTIONS

- 2" side steps (96" wide mounting)
- 3" side steps (102" wide mounting)

## SPECIFICATIONS

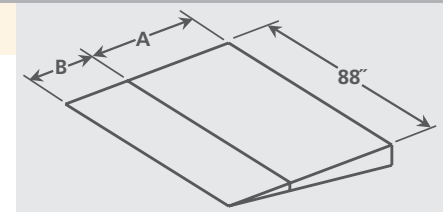

- 2,750 lbs. load capacity
- 88" x 48" steel wedge type platform
- Single hydraulic cylinder
- 1/4" deck extension plate

## SAFETY

- Wide lift arms provide load stability
- Lock latches, ensures safe storage
- Dual torsion springs assist folding
- Master disconnect switch
