

# HOLLAND TG SERIES

DUAL CYLINDER  
2500 LBS. – 3500 LBS.  
FOLD-AWAY®  
LIFTGATES

# THE HOLLAND ADVANTAGE

Holland's high-quality TG Series Fold-Away liftgates are an industry leader in the conventional liftgate market. The TG Series have provided years of trouble-free operation and have proven to be the choice of the nation's top fleets.

## HEAVY-DUTY CONSTRUCTION

The Holland TG Series is designed to handle a wide array of capacities and applications. From the substantial parallel arms and lift-frames constructed of heavy wall tubing, to the platforms and dock extensions fabricated from thick checker plate, the TG Series is designed and manufactured for years of reliable service.

## STANDARD FEATURES

- 88" wide loading platform
- 1/8" treadplate constructed platform
- Power-up/power-down hydraulics
- Weather resistant potted toggle control
- Side-step bumpers (2" and 3")

## DURABILITY

- Decades of performance proven history
- 5/16" and 1/2" thick treadplate deck extension plate
- 2,000 hours salt spray coating
- Closed crossmembers are undercoated
- Chrome cylinder rods, precision honed cylinders
- Master disconnect switch

## SPECIFICATIONS

- Dual cylinders, wide lift arms
- 1/8" steel treadplate platform, 88" wide
- 5" and 7" tapered ramp
- 5/16" and 1/2" thick deck extension plates
- Double acting cylinders
- Dual flow control valve
- Power-up/power-down
- Master disconnect switch
- Standard galvanized pump box
- Dual torsion springs assist when folding the platform
- Dual lock latches
- Step bumpers supplied (2" or 3")
- Undercoated closed crossmembers
- Superior rust-resistant coating

## SAFETY

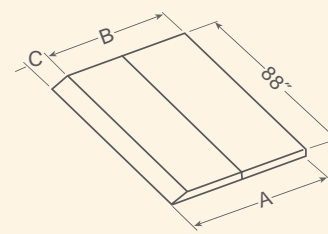

- Wide lift arms provide load stability
- Dual automatic lock latches ensures safe storage
- Master disconnect switch is standard
- Dual torsion springs assist folding
- Flow control valves

## LOW COST OF OPERATION

- Power-down ensures reliability at all temperatures
- Cylinder is retracted when stored, therefore protecting the rod
- 5/16" and 1/2" deck extension plate
- Potted control toggle

## DUAL CYLINDER FOLD-AWAY® LIFTGATES – 2500 TO 3500 LBS. CAPACITY

MODEL	CAPACITY	PLATFORM	A	B	C	WIDTH	DECK HEIGHT
TG25521	2500 lbs.	1/8" steel treadplate	52"	45"	7"	88"	44" - 57"
TG3042W	3000 lbs.	1/8" steel treadplate	42" (flat)			88"	44" - 57"
TG30471	3000 lbs.	1/8" steel treadplate	47"	40"	7"	88"	44" - 57"
TG30473	3000 lbs.	1/8" steel / 3/16" aluminum	47"	40"	7"	88"	44" - 57"
TG3048A	3000 lbs.	Extruded aluminum	48" (flat)			88"	44" - 54"
* TG30521M	3000 lbs.	1/8" steel treadplate	52"	45"	7"	88"	44" - 57"
* TG30521N	3000 lbs.	1/8" steel treadplate	52"	40"	12"	88"	44" - 57"
* TG35471	3500 lbs.	1/8" steel treadplate	47"	40"	7"	88"	44" - 57"
* TG3548A	3500 lbs.	Extruded aluminum	48" (flat)			88"	44" - 54"

\* Standard 1/2" extension plate
