

**SAF TRAILER DISC BRAKE
SBS 2220 H0 + SBS 1918 H0**

SAF TRAILER DISC BRAKE SBS 2220 H0 + SBS 1918 H0

The new family member to the proven SAF trailer disc brake SBS 2220 H0 is coming – the new SBS 1918 H0 for the 19.5" range.

Both brakes are optimized for axles of 9.000 kg load capacity and can be used on semitrailers and drawbar trailers.

These two disc brakes have:

- High brake torque output to weight ratio
- Very good performance and long service life of discs and pads, especially when used with the SAF *INTEGRAL* Disc
- Simplified maintenance and faster lining replacement due to a special brake pad holder
- Maintenance-free caliper guide width corrosion-resistant stainless steel guide pins in combination with dry-running, PTFE-coated bushings.
- Highly stable weight-optimized monoblock caliper with a high quality coating
- Proven patented SAF 4-hole connection

SBS 2220 H0

The lightweight and adaptable 22.5" trailer disc brake with a weight of 32 kg including brake pads.

- 20 kNm brake torque with a max. permitted 22" brake chamber size
- Test report according to ECE R 13 TDB 0843
- Available since 2011

SBS 1918 H0

The lightest and adaptable 19.5" trailer disc brake with a weight less than 29 kg including pads.

- 18 kNm brake torque at max. permitted 22" brake chamber size
- Test report according to ECE R 13 TDB 0870
- Available from Q1 2015

SAF-HOLLAND is a leading supplier of highly efficient components, systems and service programmes in the global commercial vehicle industry. Our three core product brands are recognised for delivering innovative solutions that optimise fleet operations in every corner of the world.

TRAILER AXLES AND
SUSPENSION SYSTEMS
