

HOLLAND FW351 Fifth Wheel Product Update Notice

SAF-HOLLAND has increased the rating of the FW351 fifth wheel to D=190kN.

Product: FW351

Model: XA-351-A

Part No: CAST XD-351-H

Due to the latest design changed, SAF-HOLLAND is in a position to increase the rating of the **FW351** fifth wheel from D=165kN to **D=190kN** in the following installation options:

FW351- Top Plate (CRN 16754)

FW351- Fixed Mount (CRN 16626)

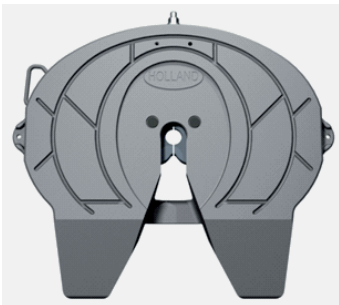

FW351- Single Row Ballrace 16t (CRN 16641)

FW351- Double Row Ballrace HD 30t (CRN 16627)

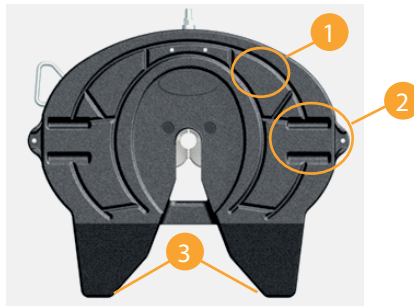

FW351- Double Row Ballrace 16t (CRN 21120)

This is effective from 01 June 2012.

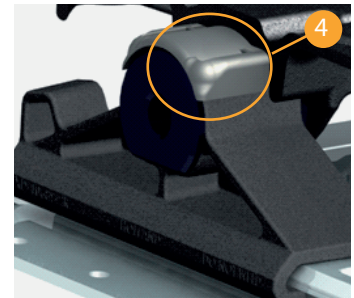

The new style FW351 fifth wheel can be visually identified with the following changes:

Obsolete (D=165kN) FW351 Fifth Wheel

New Style FW351 Fifth Wheel (D=190kN)

Lube Free Pocket Insert

1. Cast steel top plate surface (no longer machined);
2. Larger grease grooves above pocket area for improved grease retention;
3. Wider throat area, designed to assist drivers when coupling;
Improves the kingpin target by a further 20%;
4. One piece replaceable lube free pocket inserts which eliminate the need for routine greasing;

Additional Information

No changes to BOM or part numbers, fit or function of the fifth wheel.
